Sangah : Chanteuse
Leur style musical : Tech/House, Electro/House, Minimal, DubStep et Techno.

In September 2010 just after his arrival at Avignon Julien first met with Alex creator and leader of the group SUPEBALL. The grip between the two DJs is immediate, Alex is seduced by her vision of music and his work of production and offered him to join the group.

They get two residences Radios, one Mti and the other Cocoon World Fm. Both producers start producing for 5 months straight. The news tracks available from the month of February 2011, five tracks in total. One EP «Run On Fire» Released 7Mars2011 that works more on the net yet. This Ep is already supported by Armin Van Bureen, Sean Keller, played by Francesco Petrolini, Tom buster that diffuses internationally. Returns on the net are more than positive.

They are also preparing an EP DubStep, which will confirm that the group did not of limit is not locked into a style. The group has much to convey to his public in his production work for his love of Tech / House, Electro / House, Minimal Techno, Dubstep and the many other musical styles. Their main influences they say during an interview for the magazine La Provence are Boards of Canada, U2, Laurent Garnier, Depeche Mode, Ben Harper, Umek, Deadmau5 and lots of other artists...

For the creation of their tracks they use hardware: RME Fireface 400, PC 64bits, Analog Keyboard liitle Phatty Moog, Novation KS4 and software plugins. The software they are using Cubase 5, Cubase 4, Nuendo and Ableton.

Both producers are preparing to release two titles adapted for summer release in early June. They also are finalizing their live that they will play mostly in the festivals dates, which remains a live clubbing sound and contains influences Techno, Minimal, Dubstep and other musical styles.
