

Sean Finn x Guru Josh „Infinity 2018“

Release: 06.07.2018

Guru Josh aka Paul Walden created a dance hymn for eternity with the single "Infinity" at the beginning of the 90s. In addition to his music projects, he was also a designer of art and fashion and lived many years on Europe's coolest party island Ibiza.

There he also met DJ & Producer **Sean Finn**, who is on the island for DJ gigs at Pacha, Bora Bora, Nikki Beach, Blue Marlin and Jockey Club Salinas for almost 20 years.

The idea of producing a remake in collaboration of the classic was born fast and was pursued by Sean Finn despite the too-early death of Guru Josh.

Now it is finally time and Sean Finn presents the official coop with Guru Josh as a 2018 version of "Infinity", which features a picture by Guru Josh on the artwork and is including a remake of the legendary **Klaas Remix**, which was released exactly 10 years ago and reached more than **75 million streams!**
